# Guidelines for the Recognition of Qualification

(to be used in conjunction with the application form)

## Introduction

The Barbados Accreditation Council (BAC) was established under the authority of the Barbados Accreditation Council Act 2004-11. Under the Act, the Council has been mandated to "*advise on the recognition of foreign based institutions and their awards*" and to "*determine the equivalency of programmes and qualifications*".

The purpose of the evaluation is to provide information about the comparability of foreign qualifications to local qualifications.

This document sets out the requirements that individuals and/or organisations must comply with when requesting recognition or academic comparability of qualifications by the Barbados Accreditation Council.

## Making an application

A complete application includes the following:

- an **application** form, fully completed and legible
- a complete set of **required documentation** in hard copy (see overleaf)
- Identification (ID) – valid national ID, passport or driver's licence
- **Payment** or **proof of payment**

If any of the above does not comply with the requirements outlined in this document, as well as the application form, the evaluation process will not be commenced and the application will be returned to the applicant. The BAC will not be held responsible for the delay.

## Post Evaluation

Once the recognition of qualification process has been completed, the applicant is issued with a *Statement on Recognition* or *Standard Evaluation Report*, depending on the applicant's request at application. The *Statement on Recognition* is a basic account which certifies certain specific information related to the qualification. The *Standard Evaluation Report* is a comprehensive assessment statement which includes an overview of the issuing country's educational system; description of the qualification; and employment related information.

The Statement on Recognition and Standard Evaluation Report issued by the Barbados Accreditation Council are for guidance purposes only and is non-binding. Post-secondary/tertiary education and training providers in Barbados, professional bodies, and employers retain the right to make their own decisions on admission, having regard to a variety of factors, of which qualifications are only one.<sup>1</sup>

## Fees and Other Charges

1. A non-refundable application processing fee of BDS\$10.00 is payable upon application for a Request for Recognition of Institution and/or Programme.
2. The correct amounts should be paid for the service required.
3. Refer to Fees for Services booklet for fees for the recognition of institution and/or programme service.
4. **The BAC reserves the right to charge a cancellation fee of \$75.00 in all cases where the cancellation of service was *not* as a result of an oversight by the BAC.**

## Processing

Processing time starts on the date that **all** information and relevant documentation have been received by the BAC from the applicant and/or the institution that awarded the qualification. **Applicants should be aware that timely service delivery is only possible when all the required information is readily available.**

The BAC will make every effort to make results available within the shortest possible time. Processing time can however, be impacted upon by various factors outside the control of the BAC. Applicants should therefore be mindful of the **possibility of delay**.

The time for processing applications is a **minimum of 20 working days**.

In the event of an undue delay as a result of extra-ordinary circumstances, applicants will be informed by the BAC by telephone, email or letter.

## Verification of Documents

The BAC maintains the right to refer fraudulent documents to the Fraud Department of the Royal Barbados Police Force for further investigation.

## Factors causing delay

- Considerably more research and/or consultation than usually required for evaluation of the qualification(s) submitted.
- Lack of information needed to complete the evaluation resulting in the need to contact the country of origin of the qualification. Completion of an evaluation will be dependent upon a reply from the source as well as the quality from the source in these instances. Processing will commence immediately upon receipt of a reply.
- A marked imbalance between available human and other resources in the BAC and service demand.
- Service demand/volume of applications exceeds available capacity.
- Factors related to the applicant which applicants can avoid by
  1. making the necessary enquiries before making the application
  2. following carefully the guidelines and procedures set out in this document when preparing applications
  3. making sure the application form is completed in its entirety and legible, and all necessary documentation are included
  4. making ample provision for meeting personal deadlines e.g. commencement of studies or employment
  5. giving clear instruction on the handling of evaluation results, whether they are to be posted and to whom or whether they will be collected
  6. ensuring that all addresses are correct
  7. hand-delivering applications - **do not fax or email** applications
  8. allowing time for postage after the expected date of completion as this is not included in the timelines of the BAC
  9. waiting to be contacted for collection of results, if results are to be prepared for collection.

## Required Documentation

The applicant should present hard copies of the following documents to the BAC for evaluation:

|                                                                                                                                                                                                             |
